CONNEMARA PONY BREEDERS SOCIETY

Our aim at Glenwood Stud is to breed top class stock. The stud reserves the right to refuse any mare arriving in poor condition or deemed unfit for breeding.

**STUD FEE** Stud fee to be paid in advance on arrival at stud. It is advisable that all mares have tetanus cover.

**SWABS** All mares must have a Veterinary Certificate stating the mare has been swab-tested and is free from infection and is fit for breeding, prior to arrival at the stud.

**MARES** whilst at this stud mares will receive every possible care, attention and supervision, but no responsibility can be taken for any accident or disease. Veterinary assistance will be called in when deemed necessary and will be chargeable to the owner. All mares are served at their owners risk and no responsibility can be accepted for injury, damage or loss caused through trying, serving, or inseminating any mare. If in the best interest of the mare and/or stallion, Glenwood Stud reserve the right to artificially inseminate any mare. Insemination will only be performed by qualified trained persons.

**VETERINARY EXAMINATIONS** Mares will be examined by or under the supervision of a veterinary surgeon. The qualified and trained staff at Glenwood Stud will be allowed to administer treatment prescribed by a veterinary surgeon to my mare.

**ULTRASOUND SCANNING** Mares may be scanned in order to determine pregnancy or oestrous condition. Scanning will be performed by a veterinary surgeon.

**KEEP OF MARES** Visiting mares will have the benefit of all available pasture to the stud. Mares may be kept stabled if requested. The stud farm has the right to feed or stable grass kept mares as they consider most beneficial to the care of the mare and/or foal if the weather changes for the worse, and the owners will be charged accordingly. Keep fees may be raised if the mare is not removed within a reasonable period after the owner has been notified that she is ready for collection.

**STUD FEES** are due at time of service, accounts will be sent out **monthly**. Visiting mares and/or foals **may not be removed until all stud fees and keep fees have been paid in full**. If the stud farm shall give notice that a visiting mare and/or foal should be removed from the stud for any reason whatsoever and the owner shall fail to do so within a period of two months from the date of such notice, then proceedings will be taken whereupon sale of the horse may have to take place to cover all stud costs.

**SHOES** It is requested that all mares should be sent recently attended to by the farrier, without hind shoes. Mares will be treated by our farrier when deemed necessary and will be re-charged to the owner by Glenwood Stud. Mares with brittle feet maybe kept shod in front

**HEADCOLLARS AND TACK** It is requested that your mare be sent with a well fitting head collar, and any rugs should be clearly marked with mares name. Whilst the stud will take every care of any equipment left with mare it cannot be held responsible for any loss or damage.

**WORMING** All mares will be wormed on arrival at stud and wormed again if necessary

**CANCELLATION FEES** The stud will retain the booking fee in the event of the nomination not being taken up unless a veterinary certificate is produced stating that there is a valid reason for the mare not being served.

**COVERING CERTIFICATE** All certificates will be forwarded to the mare owner on receipt of a positive pregnancy diagnosis certificate. (These are normally sent after final confirmation of pregnancy i.e. 1<sup>st</sup> October)

**NO FOAL FREE RETURN** If a mare is certified not in foal by 1<sup>st</sup> October, she will be accepted back the following year, provided the stallion is still at stud. This is for one year only and the stud must be notified by 1st October, with a vets certificate. AI collection fees will still be charged

**ALL MARES TO COME TO STUD WITH PASSPORT**

I .....agree to take a nomination to the Stallion.....

For the season..... At £.....

Name of mare.....

Sire..... Dam.....

STUD BOOK Registration No. ....Breed..... Colour.....

Height..... Age.....

Breeding History over the last 5 years.

Dates covered.....Live foal / Barren / Aborted.....

Is the mare Maiden / Barren / in foal to / with foal by.....
